

Join the Sustainers Circle! Sustainers give monthly gifts to the Foundation, providing a dependable funding source and reducing fundraising costs so more of their contribution goes directly to ASCE programs.

Set up a recurring gift using a checking or savings account, and your gift will arrive on time without the stress of remembering to give. The Foundation will automatically process your gift on the third Tuesday of the month, providing a sustained source of revenue for vital programs. You determine the amount of your monthly donation, and you can alter or stop it at any time.

Each February you will receive a statement from the ASCE Foundation showing the amount you've given through our EFT program during the calendar year (January through December). **Save that receipt for tax documentation.**
